

Backache, headache, dragging pains. Nothing relieved me until I took Peruna.

Thousands of the best women in the world are bearing the burden of backache, headache, dragging pains, a miserable half-dead, half-alive condition, produced by chronic internal derangements. Mrs. Joseph Lacelle, 124 Glenora Ave., Ottawa, East, Ontario, Canada, is one of the fair women of America who has had her experience with this sort of a burden. Her experience is similar to the multitude of other women whose letters are recorded in the "Ills of Life." A copy of this free booklet ought to be in the hands of every housewife in the United States. Read what Mrs. Lacelle says:

"I suffered with backache, headache and dragging pains for over nine months, and nothing relieved me until I took Peruna. This medicine is by far better than any other medicine for these troubles. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health, have neither ache nor pain, nor have I had any for the past year. If every suffering woman would take Peruna, they would soon know its value and never be without it."
